

provided [to accommodate] for accommodating a tubular light source or a light source distributed along [said] the second seating.

7. (Once Amended) [A section] The frame set forth in [accordance with] claim 6, wherein an intermediate groove is provided between [said] the first and [said] second seating [there is provided a intermediate groove to slidingly accommodate the] for slidably receiving edges of a movable, [reflecting] reflective curtain.

8. (Once Amended) [A section] The frame set forth in [accordance with] claim 6 [or claim ], wherein [said] the second seating [intended to accommodate said] for accommodating the light source is of sufficient size to also contain [also] a power supply unit for [said] the source.

#### **REMARKS**

The captioned Application has been amended to comport with U.S. practice, and, in so doing, to better define the invention without limiting effect. No new matter has been

added. Favorable consideration of this Application on the merits is earnestly solicited.

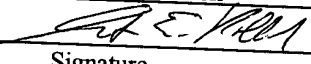

Respectfully submitted,

Dated: July 16, 2003
